In Search of Girl Scout Cookies....There's an App for That!

Baltimore—On October 27, all Girl Scout Cookie lovers will have the opportunity to purchase their favorite Girl Scout Cookies when Girl Scout Cookie booths open for business. Don't know a Girl Scout or where to find them...there's an app for that! Cookie lovers with Droid and iPhone mobile devices can use the GPS function to find local Girl Scout Cookie booths—they can even map their way to the nearest booth sale. To get the **free** app, mobile phone users can call: **GSCOOKIES (**472665437) on their mobile phone. For cookie lovers who don't have Droids or iPhones, they can visit the [booth sale locator at gscm.org](http://gscm.org). Just plug in the zip code that's most convenient for home or work and booth sale locations will pop-up. Finding and buying your favorite Girl Scout Cookies couldn't be easier.

What can a Girl Scout Cookie do? More than you see. Did you know that through the Girl Scout Cookie Sale, the largest girl-run business in the United States, girls learn five essential skills: goal-setting, decision-making; money management; people skills; and, business ethics? By using these skills in their troop cookie business, girls work as a team towards a common goal, with each girl accountable as she strives to do her best. The rewards vary from troop to troop and include field trips—local and abroad; community service projects—like starting a school recycling program; or, a week-long troop camping trip.

The cookie app and the booth sale locator make it easy to find your favorite Girl Scout Cookies. Buy some today and support a program that helps girls develop courage, confidence and character. Stock up on your favorites (they make great hostess gifts during the Thanksgiving season) now; the sale ends December 3, 2011.

Girl Scouts of Central Maryland provides leadership programming for nearly 30,000 girls in central Maryland residing in Baltimore City, Anne Arundel, Carroll, Harford and Howard counties. For more information about the programs GSCM offers visit gscm.org; follow us on Twitter, like us on Facebook.
